THE BIG VISION

After a successful 2025 debut in West Palm Beach, the Motorcycle Expo is hitting the road.

We're expanding into multiple Florida markets including not just Palm Beach, but also Tampa and Jacksonville, turning the state into one giant celebration of motorcycle culture and lifestyle.

2025 proved the concept. 2026 is the expansion.

PROOF OF CONCEPT: A POWERFUL FIRST YEAR

The inaugural Motorcycle Expo in West Palm Beach set a new standard for what a motorcycle show could be — professional, elevated, and brand-driven.

While official attendance numbers will be published after the event, early results are extremely promising. Exhibitor response has been strong, major industry players are involved, and buzz across the motorcycle community continues to build heading into show weekend.

The foundation is solid, the concept is proven, and the momentum is real. That's why we're opening statewide partnership and sponsorship opportunities now — to give leading brands the chance to secure prime positioning before the full rollout of our 2026-2027 tour.

WHAT MAKES MOTORCYCLE EXPO DIFFERENT

The Motorcycle Expo isn't another bike night, parking-lot rally, or pop-up weekend ride.

Those have their place — this is something bigger.

We've built a professional, brand-driven environment that gives riders and companies what those smaller events can't. This isn't a bike night or a parking-lot rally — it's Florida's evolution of an EICMA-style exhibition, built with a curated, industry-focused approach that aligns with what OEMs and leading partners expect:

- Indoor, climate-controlled venues built for serious engagement
- Curated exhibitor lineup focused on quality, not quantity
- Industry integration that connects OEMs, dealers, and product makers with real customers
- Media coverage and sponsorship activation that extend far beyond a weekend
- Year-round marketing reach through digital, social, and multi-city promotion

This isn't "show up and hang out." It's "show up and scale up."

Motorcycle Expo is where the culture meets the commerce — where motorcycle enthusiasm becomes real business growth.

MEDIA & MARKETING POWER

When we show up in a city, people know it.

- Radio + TV campaigns powered by Law Tigers and regional media partners
- Billboard and digital display network coverage in every market
- 250K+ combined social impressions per month across all platforms
- Influencer coverage, livestreams, and local press partnerships

Your brand doesn't just appear — it dominates.
